PROFESSIONAL SUMMARY

Automation Engineer with nearly 3 years of experience delivering enterprise-scale intelligent automation using UiPath, Agentic AI, Microsoft Power Platform, Python, SQL, and Azure. Led the migration of 200+ enterprise automations to UiPath Cloud Orchestrator with zero business disruption, implemented CI/CD pipelines supporting 450+ automation deployments across six global teams, built production Agentic AI solutions, and optimized automation infrastructure resulting in approximately $250K in annual cost savings. Experienced across automation development, cloud migration, production support, governance, and enterprise transformation initiatives.

SKILLS

Intelligent Automation: UiPath Studio, REFramework, Orchestrator, Automation Hub, UiPath Insights
Microsoft Platform: Power Apps, Power Automate, SharePoint, Outlook integrations
AI & OCR: Agentic AI, Document Understanding, ABBYY IDP, Azure Cognitive Services, OCR validation
Programming: Python, SQL, REST API, JSON, exception handling
Cloud & DevOps: Azure, Azure DevOps, Git, CI/CD, Windows Migration
Enterprise Tools: ServiceNow, Incident Management, Production Support, RCA, Knowledge Base governance

PROFESSIONAL EXPERIENCE

PepsiCo GBS India LLP Aug 2023 – June 2026

Process Analytics and Automation Associate Analyst

- Owned cloud migration for an entire sector, moving 200+ automation solutions from legacy UiPath framework to Windows compatible framework and Cloud Orchestrator with zero disruption to business operations.
- Built and deployed 3 production Agentic AI automations using UiPath agentic capabilities, introducing autonomous decision making into live business workflows.
- Implemented CI/CD pipelines for automated deployments and migrated automation codebases from Orchestrator to Git repositories; 450+ automations deployed through the pipeline across 6 global teams.
- Helped scale a regional RPA team into a Global Capability Centre, onboarding 6 sector teams; transitioned 80+ processes from development to sustain with complete documentation and support readiness.
- Owned sustain operations for live automation products, including proactive monitoring, incident resolution, and break-fix implementation, supported by UiPath Insights dashboards tracking logs, queues, and exceptions in real time.
- Decommissioned 130+ underutilized bot licenses through infrastructure optimization, saving approximately $250,000 annually.
- Standardized team governance: authored 4 Knowledge Base articles on PepsiCo ServiceNow and created the RCA template adopted organization-wide by the Process Analytics and Automation team.

CERTIFICATIONS

- UiPath Certified Professional – Automation Developer Associate Certification
- UiPath Certified Professional – Automation Business Analyst Associate
- Power Platform Developer Associate – PL400
- Microsoft Azure Fundamentals – AZ-900

EDUCATION

Vellore Institute of Technology June 2019 – May 2023
Bachelor of Technology in Computer Science and Engineering Vellore, Tamil Nadu

AWARDS AND RECOGNITION

- PFNA CIO 2H 2023 Award ("Be Consumer Centric") for leading the FSO Scheduler automation.
- Bold & Better Award 2025, two-time recipient, for strategic and transformation impact.
- Smile Awards for infrastructure and server optimization and high-impact Knowledge Base authorship.
